CELEBRATING RESILIENCE AND COMMUNITY IMPACT

Join us for the 2nd Annual Krempels Celebration Gala. We will gather to support survivors in their journey to find new life after brain injury. Krempels Brain Injury Center provides hope and a home for those living with acquired brain injury.

Krempels offers post-acute habilitation support that is guided by each survivor's personal goals — based on what they want to achieve and for as long as they choose to participate — rather than by an insurance-mandated discharge date.

Krempels employs the most up to date strategies in brain injury life-care by training the next generation of therapists- occupational, speech, rec therapy, plus psych and social work. Over 1,500 interns from colleges and universities across the nation have interned at Krempels since our inception twenty-six years ago.

- **Defining Brain Injury:** Experience how a brain injury affects your life
- **Award Presentations:** Key volunteers/major donors recognized
